

# STATE OF HAWKER REMAINS UNKNOWN

## RUMOR OF DROP INTO SEA NEAR GOAL UNVERIFIED

### British Send Available Ships to Search For Aviators

LONDON, May 19.—(By The Associated Press.)—London spent the day in tense excitement and suspense waiting the result of Harry Hawker's bold attempt to fly across the Atlantic, and after a day of anxious inquiries and unverified rumors and speculation, the fate of the pilot and his navigator, Mackensen Grieve, is still unknown. A Sopwith machine, supposed to be Hawker's, according to admiralty wireless report, descended to the surface of the ocean forty miles west of the mouth of the Shannon. Later admiralty reports said that this information was not considered reliable.

Early unverified reports were that the Sopwith machine encountered a gale which reduced its speed to forty miles an hour and finally compelled it to descend owing to exhaustion of gasoline. Crowds of people waited the day long at the Brooklands air-drome, where Hawker learned to fly, believing that the aviator would make his landing there, although experts had expressed the opinion that Hawker would unlikely be able to fly there.

The fate of Hawker and Grieve cannot be definitely stated, and tonight it is impossible even to assert that the machine found at sea is Hawker's.

The weather off the Irish coast Monday was boisterous, with rain and haze.

The admiralty has sent out all available ships to search for the aviators.

Miers Unaccounted For.

St. John's, N. F., May 19.—Harry Hawker and his navigator, Mackensen Grieve, aviators, and the little Sopwith biplane in which they set out yesterday to span the Atlantic in a single flight were unaccounted for here tonight and their associates reluctantly conceded that they "probably have failed."

All day long and far into the night this city waited eagerly for encouraging word of the intrepid fliers. As the period of their fuel limitation passed without news of their arrival overseas, grave doubts of the success of their bold dash across two thousand miles of turbulent ocean were expressed.

Captain Frederick P. Raynham, Hawker's British rival up to the time of the "big hop" was still optimistic tonight as to the safety of the Sopwith and its crew. He suggested that Hawker might have landed at some isolated point on the coast of Ireland.

When the realization struck home that the twenty-four hour flying period for which the Sopwith carried fuel had elapsed without official reports of the aviators those familiar with the dangers of the great adventure hesitatingly advanced the guess that the flight had stopped short of its goal.

Interest at once turned to the possible fate of the airmen. Jerphs adrift in their ingeniously constructed "emergency boat" which had been shaped to form the rear hood of the Sopwith's fuselage after it had been tested and found to possess seaworthiness. Then there were the "sinkable" rubber shirts which Hawker and Grieve wore and discussion switched to them. They were of the United States navy's type, designed to be inflated thru a small pipe.

It was estimated that food supplies including warm drink had been stored in the "boat" sufficient to last two fliers 48 hours provided the "boat" could stay afloat the length of time.

Hawker's Flying History

New York, May 19.—Hawker is an Australian, 27 years old. He began his career as a mechanic and arose to the rank of a flier under the tutelage of Sopwith, one of the earliest British airmen. He first came into prominence Oct. 24, 1912, when flying a Sopwith biplane designed after the pattern of the Wrights, he established the then British record of 8 hours and 23 minutes for a duration flight and won the British Michelin trophy for that year.

In 1913, flying a Sopwith equipped with a Gnome motor, he established the then British altitude record of 12,900 feet and on the same day carried aloft two passengers to a height of 10,600 feet. Later he attained what was claimed to be the world's altitude record—23,500 feet—which was later excelled. During the war Hawker was engaged as an expert, assisting in the development of Sopwith machines.

## German Peace Envoys Return To Versailles

(By The Associated Press.)

Not alone has Count Brockdorff-Rantzau, chief German peace plenipotentiary, returned to Versailles from Spa, where he went Saturday for a conference, but he brought back with him Herr Landsberg and Herr Hertel, two of the main members of the German delegation who had been in Berlin going over the situation with the authorities and also a large retinue of naval, military and financial experts. Thus indications are that the Germans intend to continue their efforts to come into agreement with the allies and associated representatives on peace terms that will be satisfactory to the German government and people.

Meanwhile reports continue to emanate from Germany of dissatisfaction over the terms laid down for Germany to sign and a reiteration by President Ebert that the Germans will never affix their signatures to the treaty as it stands and that foreign countries will protest with Germany against "this peace enslavement."

Resistance Impossible.

On the other hand Field Marshal von Hindenburg is reported to have told members of the German cabinet, representatives of the political parties and other leaders at a meeting in Berlin Friday that resistance was impossible and that the military leaders considered it necessary to seal the compact as desired by the allies.

With almost informality attending the proceedings an exchange of credentials between the Austrian peace delegates and the representatives of the allied and associated powers has taken place at St. Germain. Belief is expressed in Paris that the act of handing the peace treaty to the Austrians will be delayed possibly until next week, owing to the impossibility of completing the draft.

The council of four discussed Monday the question of the German religious missions abroad and also matters dealing with Bulgaria and Turkey. The council of foreign ministers met and considered Belgium's claims as they affect Holland.

Bolshevik Suffer Loss.

Bolshevik forces in Russia have suffered a severe defeat at the hands of General Denikin's troops which have made 10,000 of the enemy prisoner and captured 28 guns in operations against Tsaritzin on the Volga River. British warships have put to rout a Bolshevik flotilla in a fight in the Gulf of Finland. One enemy ship was sunk and another forced aground.

President Wilson and General Pershing went over the plans for the final demobilization of the American forces in France and on former German territory. Withdrawal of the American forces from the Archangel front in Northern Russia is planned to begin within ten days with the transportation of the 339th infantry to England. The 13th engineers on the Archangel front and the railway troops on the Murmansk Coast are to be the last of the American forces to be withdrawn.

## RECOMMENDS DEATH SENTENCE FOR KAISER

CHICAGO, May 19.—Sentence of death commuted to life imprisonment, was recommended by Dr. Henry Van Dyke, former minister to Holland for William Hohenzollern, former emperor of Germany, and his "murderous clique" in an address last night before the Sunday Evening club. "A sentence of death only satisfies demands of justice," he said, "but life imprisonment would afford opportunity for the sentence to impress itself on what consciousness is left in the culprit."

## FOCH LAYS PLAN BEFORE COUNCIL

PARIS, May 19.—(By The Associated Press.)—Marshal Foch today laid before the council of four his plan for military operations that are to be put into effect in case the German plenipotentiaries decline to sign the peace treaty. After the conference between Marshal Foch and the council of four, President Wilson had a talk with General Pershing. It became known later that General Pershing's visit to London may be postponed in order to await developments.

## WOULD RETURN WIRES

Washington, May 19.—A joint resolution to return telegraph and telephone systems to private management, was introduced today by Representative Steenerson of Minnesota, Republican.

## SIXTY-SIXTH CONGRESS MEETS MUNDAY NOON

### G. O. P. Return to Control For First Time Since 1911

WASHINGTON, May 19.—The Sixty-sixth, or "reconstruction" congress called into extra-ordinary session by President Wilson from Paris convened at noon today and Republican majorities in senate and house organized both bodies.

Representative Gillett, of Massachusetts was elected speaker of the house over Representative Champ Clark of Missouri, Democratic candidate and former Speaker by a vote of 227 to 172.

Senator Cummins of Iowa, the Republican candidate was chosen president pro tempore of the senate over Senator Pittman of Nevada, Democrat, 47 to 42. Several Democrats were absent but all Republicans were in their seats, two withholding their votes.

Elect Full States.

The Republicans of both bodies also elected full states of other officers and thus, for the first time since 1911, returned to control of the American national legislature.

Routine affairs of organization comprised the opening day's proceedings, both houses adjourning until noon tomorrow when President Wilson's cabled message will be read separately in the senate and house by clerks. The senate today concluded its session in fifty minutes and the house in two hours and twenty minutes.

Altho keenly realized by all members there was no outward evidence in the initial proceedings of the enormous amount of work ahead. The peace treaty with Germany including the league of nations covenant, the Austrian treaty and the proposed convention for protection of France are not expected before next month. All hold promise of dramatic debate.

To Rush Appropriations.

Appropriation bills which failed in the filibuster last March will be rushed immediately in the house. Chairman Good of the house appropriations committee tonight called a meeting for tomorrow to begin work on the general deficiency measure. Legislation dealing with railroads, telegraphs and telephones, women suffrage, prohibition, repeal of the luxury taxes and other pressing subjects are promised in the van of important economic and reconstruction questions. This legislation is expected by leaders to hold congress in session almost continuously until the present adjournment of 1920. Investigations planned by the Republicans of numerous administrative acts also are expected to begin in the near future with inauguration probable in the house with the appropriation bills.

The flood of bills which is expected to make the new congress momentous began in the house today and the senate's initial measures will be presented tomorrow. House resolution 1920, the woman suffrage constitutional amendment measure introduced by former Representative Leader Mann of Illinois.

Despite the formality of today's proceedings and the absence of the president—the first time congress has opened with a president on a foreign soil—overflow crowds in both senate and house galleries witnessed the birth of the new congress. Many cabinet officers and other high officials were spectators in the house where cheering and speechmaking lent an informal tone of popular interest. When house members were sworn in, Representative Berger, of Wisconsin the lone Socialist member who was convicted of violating the espionage law was prevented from taking the oath, upon objection of Representative Dilling, of Massachusetts, chairman of the elections committee. He was ordered by Speaker Gillett to stand aside and was not allowed to address the house which adopted unanimously a resolution authorizing a committee to investigate his right to membership.

No objection was raised from the senate floor to the seating of Senator Truman H. Newberry, of Michigan, Republican whose election is being contested by Henry Ford, Democrat. Formal notice of removal of the Ford contest, with a request for a committee investigation was filed.

In addition to electing officers, the senate adopted the usual resolutions of procedure with a

## Unions Tighten Lines of Strike In Winnipeg

WINNIPEG, Man., May 19.—

Forces of capital and labor were still in a deadlock tonight, with members of the citizens' committee unable to bring about an adjustment of the local labor situation which resulted in a general strike last Thursday.

The day, which was one of meetings and conferences, was marked by a tightening of the lines under union control. Neither union leaders nor other prominent figures including industrial chiefs and city officials made any effort to conceal the fact that failure to settle the local trouble may bring about disturbed conditions which would affect the dominion from the Atlantic to the Pacific.

Between the union camp which is insisting that the general strike is a protest against local labor conditions from the standpoint of wages, hours and the right to organize and the camp represented by leading employers of the union men are three forces trying to bring the factions together. One is the citizens committee, another is the military command and the third is Mayor Charles F. Gray. It is known that peace feelers were sent out today but failure of the conciliatory agencies to announce any results, caused the general impression that no definite steps towards a settlement had been taken.

The western labor union official organ of the 20,000 union workers who are idle today announced that trainmen on the government railways striking Winnipeg are ready to strike that the Canadian Pacific railway trainmen are voting upon the question and the railway shompen of the Winnipeg and district shops who are seeking higher pay and shorter hours will announce their attitude.

## RENEW NEGOTIATIONS FOR BUYING SHIPS

NEW YORK, May 19.—Negotiations for the purchase by a British syndicate of the British owned ships and assets of the International Mercantile Company have been renewed and the company has received virtually the same offer for the vessels as was pending at the time the negotiations were suspended last November when the United States shipping board proposed the purchase of the vessels.

This was announced today by P. A. S. Franklin, president of the marine company who presented the British syndicate's renewed offer to the board of directors at a special meeting.

The offer has not yet been definitely accepted by the board but Mr. Franklin said that as was pending at the time the negotiations were suspended last November the international Mercantile Marine would continue in business as an entirely American concern.

Its policy he said, would be one of expansion depending on what legislation was enacted "to permit American flagships to operate in world trade on a basis that would enable them to compete with foreign vessels."

The shipping involves approximately 90,000 tons, that is, including the Olympic, Baltic and other well known British liners and the amount of the original offer for the ships and assets was about \$125,000,000.

## HOLDS RATES ARE UNDOULY PREJUDICIAL

WASHINGTON, May 19.—In deciding today the complaints of the south St. Joseph and Kansas City live stock exchanges against the Chicago, Burlington and Quincy railroad the interstate commerce commission held that rates to St. Joseph and Kansas City from Nebraska stations west of Aurora, on the line extending thru Broken Bow and Alliance and from points on the Burlington's Elricson, Brywell and Sargent branches were unduly prejudicial in so far as they exceed the Omaha rates. Orders to de-list were made effective September first.

## TROOPS ARRIVE AT BOSTON

Boston, May 19.—Former members of the Michigan national guard made up the greater part of the 1,220 troops brought from Brest today by the battleship Rhode Island.

Departure in that for notifying the president because of his absence in Paris, of the convening. The senate committee of notification, Republican Leader Lodge and Democratic Leader Martin met late today with the house committee, Republican Leader Mondell. Representative Mann and former Speaker Clark and senate leaders sent a cable merely advising the president of the senate's formal action today, while the house committee sent a letter of notification to the white house.

## Allies Reply To Hun Note On Econmic Terms

PARIS, May 19.—(By the Associated Press.)—A reply by the allied and associated governments to the German note protesting against the economic terms of the peace treaty as being calculated to cause the industrial ruin of Germany has been delivered to the German peace plenipotentiaries.

The reply is under eleven heads and answers each German contention. It declares that the allied and associated governments in framing the economic terms had no intention to destroy Germany's economic life. On the contrary the report points out that in the reconstruction of the world's affairs Germany will have her part in the progressive development but also will share with the rest of the world in the economic losses and disadvantages inevitably resulting from the war.

The reply declares that the German note fails to take into consideration the fact that the disarmament of Germany and the end of militarism will relieve the German people of an immense burden of taxation and return to the ranks of useful production millions of men formerly in the army who have been entirely withdrawn from industrial or agriculture activity.

The reply also makes an emphatic rejoinder to the German complaint that the loss of the German merchant marine will throw out of work thousands of German merchant seamen. The allies answer is that the destruction of merchant ships, chiefly by German submarines has had the unfortunate effect of limiting the opportunities for work of seamen thruout the world, the allied powers being the greatest sufferers.

That great here clearly is no reason why Germany should be exempted from its share of the economic disadvantage growing out of this destruction of merchant ships.

The reply on the economic objections is regarded as one of the best documents in the exchange of notes. Many persons attribute it to President Wilson.

## BRING UP DIVISION OF GERMA NSHIPPING

LONDON, May 19.—The division of German mercantile shipping which had been the subject of considerable discussion in England since the announcement that America was to receive all vessels interned in American ports was raised in the house of commons today by Ben Tilden, labor member for North Salford. Mr. Tilden asked Mr. Bonar Law the government spokesman what he had to say about the division of the share of enemy shipping in proportion to the losses sustained by as of the vessels detained in American waters."

Mr. Bonar Law said he could discuss the matter, but hoped the house would trust the British delegates to protect British interests.

Horatio Bottomley, an Independent member asked whether it was not a convenient opportunity for Mr. President Wilson to prove the sincerity of his idealism by making no claim for these ships and giving them to those who have borne the heat and burden of the war.

There was no answer from the government bench.

## FIND PARTITION OF TURKEY DIFFICULT

PARIS, May 19.—(By The Associated Press.)—The council of four is finding the partition of Turkey a difficult problem. While an agreement has been reached it apparently will be necessary to make revisions which are now under consideration. The terms of agreement have never been announced officially but it is contemplated that the Sultan will be expelled from Constantinople to Brusa, in Asia Minor, thus eliminating Turkish influence and the Turkish resistance to the landing of the Greeks at Smyrna last week and Mohammedan protests, doubtless induced the British government to seek a revision of the agreement.

Premier Orlando of Italy is slightly ill and was not present at either morning or afternoon sessions of the council today. He was represented at the afternoon gathering by Baron Sonnino the Italian foreign minister.

## TWO HURT IN WRECK

Peoria, Ill., May 19.—Two men injured and all passengers were badly shaken up when an Illinois traction car enroute to Peoria from Springfield jumped the track and turned over in East Peoria this morning. William Price of Springfield, motorman, was seriously hurt and was removed to a Peoria hospital. W. F. Burton, of Peoria, suffered an injured leg, hip and back.

## NC-3 PUTS INTO PORT UNDER HER OWN POWER

### Plane Appears When Officials Had All But Given Up

BULLETIN

WASHINGTON, May 19.—Rear-Admiral Jackson at Ponta Del Gada called the navy department tonight that the American naval seaplane NC-3 in command of Lieutenant Commander A. C. Read, would leave Horta, Fayal, tomorrow at 7 o'clock, Greenwich time (3 a. m. Washington time) if weather conditions permit. A stop will be made at Ponta Del Gada the message said.

The early hour set for the start of the flight to Ponta Del Gada was interpreted by naval officials here to mean that Commander Read would attempt tomorrow to make the entire trip of more than 255 nautical miles to Lisbon, Portugal, the real end of the trans-Atlantic flight. The stop at Ponta Del Gada was thought to be planned for the purpose of obtaining supplies.

After weathering a sixty mile gale and heavy seas, the missing seaplane NC-3, flagship of the American naval trans-Atlantic flight squadron entered Ponta Del Gada harbor today under her own power or nearly sixty hours from the time she was forced down by fog when almost in sight of the Azores on the record-breaking flight from Newfoundland for Lisbon and Plymouth, England.

Searching battleships and destroyers were scouring the seas and naval officials had all but abandoned hope for the safety of the flying ship and her crew of five when warships at Ponta Del Gada saw the plane taxiing across the water headed for the flight objective in the Azores.

Cables Immediately

Rear-Admiral Jackson immediately dispatched the tidings to the navy department by cable, relieving the anxiety of officials and ending the long vigil Mrs. Towers had kept since first news came Saturday that her husband's plane had been lost in the fog three hundred miles from the Azores. The story of the plucky fight the flight commander and his men were forced to make for two days and nights was not expected at the navy department before tomorrow, for officers realized that the aviators must have been almost exhausted when they reached their haven.

With a measure of greatest moment was the condition of the plane and whether it would be able to continue the flight to Lisbon. No information as to this had reached the department tonight, but officers would not be surprised if it was found that the ship could not proceed without extensive repairs.

NC-3 Still Weatherbound

Meanwhile Lieutenant Commander A. C. Read, with the NC-4 still was weatherbound at Horta and the NC-1, third ship of the aerial fleet, was officially in condition as in almost sinking condition 30 miles off the island, Azores, with the Destroyer Fairfax standing by. Lieutenant Commander Bellinger and his crew of the NC-1 are aboard the Cruiser Columbia at Horta, definitely out of the race according to Bellinger's own report on the condition of his machine.

With his arrival at Ponta Del Gada, Commander Towers again takes active command of the flight situation. Whether Commander Read in the NC-4 shall proceed alone at the earliest possible moment or await refitting of the NC-3 to resume the flight depends on the condition of the latter plane. Officers here believed the NC-4 commander would be ordered to proceed as soon as weather permits on the next lap.

A cabled flash from Rear-Admiral Jackson announcing that the NC-3 had been sighted approaching Ponta Del Gada on the gloom that slowly had set over the navy department as the hours passed with no word from Towers and his men.

Pay Tribute to Hawker.

Even under the depression of earlier hours, however, officers were quick with tributes to the gallantry of Harry Hawker, the daring Australian whose steady attempt to cross the Atlantic by air staking his life and that of his pilot on pure luck, appealed to them strongly as a sporting venture.

As news of Commander Towers' safety spread thru the navy department a feeling of relief followed it, for it meant that not only had seventeen officers of the American navy flung themselves thru more than 1,200 sea miles of space to arrive safely at a tiny island group in mid-ocean, but that American seaplane construction had stood the test of

## Committee Holds First Formal Session

SPRINGFIELD, Ill., May 19.—

Adjournment until 3 p. m. tomorrow was taken late today by the legislative committee named to investigate methods of the state board of equalization and Pullman company assessments when important witnesses were found to be absent.

Attorney C. Fred Mortimer, counsel for the committee, explained that R. J. Finnegan, managing editor of the Chicago Daily Journal, who was to be called first to the witness stand, had been unable to reach the city, but would be in later. Finnegan, Mr. Mortimer said, would be asked to tell what he knows about stories involving the equalization board which appeared in the Journal.

Barr Appears Unexpectedly

The session this afternoon was the first formal one and was called in the appellate court room of the supreme court building. Senator Richard J. Barr, chairman of the committee, appeared unexpectedly from New York and presided.

Governor Lowden's special message to the legislature, demanding an inquiry of charges by William H. Malone that the board had been approached by "some one" who sought a lower assessment for the Pullman company, was ordered into the record as well as the joint resolution authorizing the inquiry which is not limited.

Attorneys Frank H. Scott and John A. Macleish were announced as counsel for Omar H. Wright, state director of finance, who, Malone told legislative revenue committees had acted as an emissary of the Pullman company.

This Wright denied in an open statement.

Former Judge William E. McEwen and former Judge Adol J. Pettit and Attorney William Reeda, all of Chicago, are counsel for the board of equalization.

Both Houses Meet

Both houses met late today for advancement of first reading bills. Motion picture men from all parts of the state were here tonight in preparation for appearance tomorrow in force before the house judiciary committee in opposition to the Buck censorship bill which has passed the senate.

Chicago revenue measures are a special order in the senate tomorrow with prospect for a special order in the house. The \$2.35 tax rate bill for Chicago, the fifty five cents rate bill for Cook county and the Glackin measure increasing the city's power to issue bonds. Civic bodies in Chicago are opposing all of these measures which have the endorsement of the city council and county board.

## URGE MOVEMENT TO RESTORE SANITY

NEW YORK, May 19.—Initiation of a nation-wide movement to "restore sanity and common sense" in the relations of labor and industry was urged upon the national association of manufacturers in a report of the committee on industrial betterment, health and safety, read at the opening session of the association's 24th annual meeting here today.

Today's session was presided over by President Stephen T. Mason of Pittsburgh and was attended by more than 400 members and was given over chiefly to the reading of reports of special committees.

There can be "no question," said the report on industrial betterment, "that we have in our country at this time large numbers of vicious propagandists who would make all property the common dividend among them."

"Never has there been greater demand for sane and courageous leadership in combating unwise counsels in the industry of our nation."

## EXPECT PADEREWSKI IN PARIS THURSDAY

PARIS, May 19.—(By The Associated Press.)—Ignace Jan Paderewski, premier of Poland, is expected to arrive in Paris Thursday. Conference circles believe that the crisis in Poland may be compromised in such a way that M. Paderewski may retain the premiership. It is said that he may seek a release from promises made by Poland regarding hostilities with Ukraine.

## LODGE STATES NEW LEAGUE UNACCEPTABLE

### Predicts Senate Will Not Accept Present Covenant

WASHINGTON, May 19.—Senator Lodge, Republican leader, and chairman of the foreign relations committee, in a statement tonight, declared that the revised league of nations "is unacceptable" and predicted it would not be accepted by the majority of the senate without amendment.

Characterizing the new league covenant as included in the peace treaty as "distinctly worse than the old and more dangerous to the peace of the world and to American rights and interests," Senator Lodge declared that non-terms imposed upon Germany or from Elihu Root had been carried out.

Conferred With Senators.

Senator Lodge's statement follows: "So far as I can judge—and I have had conversations with many senators, including members of both parties—I am satisfied that a majority of the senate feel very strongly that the league as now presented must receive amendment, that in its present form without any change, it is unacceptable and would not be accepted."

"To say that the amendments put forward in the senate and those proposed and formulated by Mr. Root on the suggestion of the state department have been met, is without any foundation. Not one of the suggestions of the senate, not one of the amendments proposed by Mr. Root, has been carried out. Some have been entirely rejected and where there is an appearance of their having been adopted examination shows that the new form is distinctly worse than the old and more dangerous to the peace of the world and to American rights and interests."

Summary Vague.

"It is impossible now to enter upon a detailed analysis because, altho we may suppose that the draft of the league over in the press dispatches is fairly accurate, we have no knowledge of the treaty with Germany or of its relations to the league. The summary which was sent out was not only incomplete but vague and inaccurate and it is impossible to gather from it what the terms imposed upon Germany in many respects really are."

"There is no desire anywhere to delay the treaty of peace with Germany one moment beyond the time necessary to understand it, but we must have it before us in the official form. As to the league of nations the American people must know what they are to be asked to agree to. By that I mean they are invited to take the gravest step ever taken by the United States and no organized claim or no manufactured pressure of any kind will serve the senate from its high duty of laying before the American people exactly what the league involves and what it means to the United States and to the future peace of the world."

## ARRANGE TO RETURN TROOPS FROM RUSSIA

ARCHANGEL, Sunday, May 18.—By The Assd. Press.—Arrangements are under way to begin the transportation to England of the 339th American infantry within ten days time.

## FINE STRIKING MACHINISTS.

Chicago, May 19.—Seventeen striking machinists, members of the International Association of Machinists were fined an aggregate of \$2,200 and two men were sent to jail for violating an injunction order restraining them from picketing the buildings of the Excelsior Motor company here, by Judge Dennis E. Sullivan in the superior court today.

## M'CORMICK FOR NATIONAL BUDGET SYSTEM.

Senator McCormick has prepared a measure which will be introduced early in this session of congress providing for a national budget system. The senator declares that the U. S. is the only civilized nation in the world which does not already have a budget financial system. His argument is that the time will never come when the proper relation is kept between receipts and expenditures unless a budget system is adopted seems well founded. The budget system has certainly won commendation and support where it has been adopted by towns, cities and states.

The same principle is applied to churches and business organizations and makes both for efficiency and economy. Senator McCormick's measure gives the secretary of the treasury some additional powers and places greater

responsibility on the president as to the expenditure of funds.

## ILLINOIS REPUBLICAN WOMEN ORGANIZE.

The Republican women of Illinois are to be organized just as thoroughly as the men. F. L. Smith, chairman of the men's organization, has given his sanction to the formation of the state committee of women which has started out in a very representative way, recognizing all factions in Chicago politics. The intention is to have a down state membership just as representative. When statistics are considered, it is easy to understand why political organization of women must be given due recognition. With the suffrage rights already acquired the women of the U. S. have a total vote only 3,000,000 less than the entire vote cast in the Wilson-Hughes campaign.

## STATEMENTS DIFFER.

The search and seizure measure will come before the Illinois legislature this week and the wet and dry forces will show their respective strength. If the proposed law did provide, as Levy Mayer recently stated, that a private home could be invaded, it would stand little chance of passage. However, Capt. Abbott of the anti-saloon league declares this is not true and that "search and seizure" under it would be possible only in public houses. The law defines public houses. One argument for the proposed law is that 28 states have already adopted similar measures.

## WELCOMING SOLDIERS.

The newspaper dispatches say that Governor Lowden in New York Sunday welcomed the 132nd

infantry with tear-dimmed eyes and choking voice. It is no wonder that the Illinois governor showed emotion. The hearts of men and women thousands of miles away are stirred by the knowledge that American soldiers are once more on the soil of their homeland. The governor and his associates are but voicing the feeling and the sentiments of the fathers and mothers and the others back home.

## THE CONSUMER PAYS.

The Chicago milk wagon drivers strike has been settled and the men have secured the increase for which they asked. The price of milk has been increased to the consumer. It was ever so and always will be that the consumer pays. At any rate these stated strikes in Chicago are good for the manufacturers of condensed milk and increases the demand for their product. They took advantage of the local situation and carried big display advertisements in the Chicago press.

## STUDYING PRACTICAL THEMES.

According to a statement made by the U. S. training service of the department of labor the boy and girl graduates this year are not going to discuss "Beyond the Alps" or "Italy" and kindred themes. The thousands of letters received from high school pupils indicate a great interest in industrial training and other subjects of like seriousness. The graduates are evidently going to discuss matters of practical interest and value and are looking to future years of training instead of assuming that their education is completed and they are now going out to battle with the world.

## THE COMMUNITY WELFARE LEAGUE.

Thru the co-operation of the City Council and the Chamber of Commerce a Community Welfare League is to be organized in Jacksonville. The first duty of this league will be to assist the council in the enforcement of a traffic ordinance. The measure as it is now on the books has many worth while provisions and no doubt the council will at a comparatively early date make some amendments which the increasing number of automobiles makes imperative.

The league's usefulness in this regard is to be based upon the acknowledged fact that the enforcement of law is really dependent upon public sentiment. A law only becomes genuinely effective as it is genuinely approved and supported by the people. The league will seek to impress upon automobile drivers that they owe it to the community and to themselves to comply with traffic provisions and to assist in having other auto owners also observe the law. Of course there may be cases where mere sentiment and persuasion will not prevail and for these persons the law provides a remedy. Public sentiment first and then, if necessary, fines will straighten out the traffic situation in a very satisfactory way.

But not less interesting than the beginning of this league was the precedent established by Mayor Crabtree last night in calling upon all visitors to speak. It is the announced intention of the mayor to call upon visitors or at any rate, give them an opportunity for addressing the council at every session. The expressed hope of the mayor and aldermen is that people will form the habit of attending council sessions, offering their suggestions or asking questions.

As this practice grows there is certain to be a better and broader understanding of city affairs. The mayor and aldermen want administration affairs to be an open book and they want the people to take full part in writing there-in the doings of the administration.

This is an excellent idea and citizens generally should show their interest in city affairs by attending sessions.

## HAS ARRIVED

**FROM OVERSEAS.**  
Mrs. George Souza of 924 Allen avenue received a telegram from her brother, Private Henry Scott that he had arrived at Newport News from overseas. He has been across the water for six months. Private Scott said he was feeling fine and expected to be home soon.

## THE BORROWER

I used to have a host of friends but now I walk alone; a cheerless sky above me bends, my heart feels like a stone. I once had friends in hut and hall, in mansion and in shack; I borrowed coin from one and all, and failed to hand it back; and now no pleasant smiles I see. I've won such punk renown; no window has a light for me, in all the clammy town. I once was welcome in the homes of sages and of seers, and there I borrowed treasured tomes, and kept them seven years. And now the sages view my face with sorrow and disdain, and seers remark I ought to chase myself in to a drain. I borrowed Thompson's loving cup, and Jackson's safety shears, and Hiram Bostwick's setter pup, and Watson's brindled steers. I borrowed Wilson's fountain pen, the best in all the grad; I borrowed Simpson's setting hen, and Eckdall's liver pad. I borrowed this, from every one I knew, and then an oyster stew. And now I go my way alone, devoid of joy and mirth, and neighbors say they'd give a bone if I'd fall off the earth. Light criticisms men will pass on those who hold; steal; but for the borrower, alas, no sympathy they feel.

## MISS DELANO LEFT

**LARGE ESTATE**  
A number of Jacksonville people were familiar with the career of Miss Jane Delano, long associated with the Red Cross organization, who died recently. Miss Delano who left an estate valued at \$500,000, gave nearly all her money to organizations for the training or care of nurses.

A memorial service was recently held in Watkins, N. Y., the early home of Miss Delano, and at that time some provisions of the will were mentioned. \$25,000 was given to the Red Cross for the benefit of nurses; \$5,000 to the Alumna association of the training school for nurses connected with the University of Pennsylvania; \$5,000 to a similar association in New York City; \$5,000 to the American Nurses association, and bequests are given to other organizations having like purposes.

There are some generous bequests to individual friends and employees but as indicated, nearly all of the large estate goes to organizations for the benefit of nurses.

## FIGURES ON

## TRANS-ATLANTIC FLIGHT

Duncan Ferguson, who is a dyer employed at Capps Mills, has worked out in detail the figures showing the courses and distance traversed by Harry Hawker, Australian aviator who recently made a sensational flight from St. Johns, Newfoundland to Waterford, Ireland. No person without expert technical knowledge could work out these details in the manner in which Ma. Ferguson has done.

Mr. Ferguson, as his name indicates, is a Scotchman. There has been occasion before to mention his great interest in the war. His son, who enlisted with the Canadians went into the service as a guide and was killed in 1917. A daughter early in the conflict went with a contingent of Red Cross nurses from Yonkers, N. Y., and is now overseas. Miss Ferguson if released from the service while there will make an extended stay abroad.

J. T. McNamara of Boston spent Sunday in Jacksonville visiting Nichols park and various places of interest about the city, and was much impressed with the beauty of Jacksonville.

## DUNCAN PARK ARCHERS SOCIETY

Famous Organization of 1880 is Re-joined—Arthur VanHise Has Old Copy of Constitution.

Arthur Vannier bought the Springer house on Jordan street and in going over it came across some interesting relics. The most interesting of all is a small pamphlet containing the constitution and by-laws of the Duncan Park Archers, organized June 21, 1880. Its objects, as stated, were to promote the practical of archery as a pastime, the physical culture and social enjoyment of its members and to secure their proficiency in the use of the bow. It was open to both ladies and gentlemen, the latter each to pay \$2.00 initiation and incidental fee. There were provisions for honorary members also. There were the usual officials, president, vice president etc., and field captain. There were six degrees, honorary, active Able Archer, Boss Bowman, Center Champion, and Master Marksman and the conditions on which these degrees might be attained were named.

There were various rules regulating the use of the bow, place of meeting which was Duncan park, and colors, old gold and cardinal. The target was 48 inches in diameter, center four feet from the ground. There were various rounds: the New York 78 arrows at 100 yards; 48 at 80 and 24 at 60. The Double York round; 144 arrows at 100 yards; 90 and 50 yards and 48 at 60 yards. The Columbia, 24 arrows at each 30, 40 and 50 yards; the American round, 30 arrows each 40, 50 and 60 yards. There were also rules for stringing the bow.

The writer well remembers the time when the association was organized and that Richard Yates was one of the champions. It is also his distinct recollection that Miss Helen Ayers stood in the front rank or at the head of the list of archers.

## Members.

## J. C. WALSH BACK FROM OVERSEAS DUTY

In Service With Signal Corps Battalion—Few Miles from the Front When Armistice Was Signed.

J. C. Walsh is one of the most recently returned Jacksonville soldiers as he was discharged from Camp Grant last Friday. He spent one day with relatives in South Bend, Ind., one in Chicago and returned home yesterday. Mr. Walsh was a member of the 114th field signal battalion of the 39th division, so far as known the only man from Morgan county serving with that battalion. He left Jacksonville with the June contingent for Camp Taylor and then went to Camp Beauregard, Alexandria, La., and was soon sent to Camp Mills. August 22 he sailed with the 114th signal battalion of the 39th division.

They landed at Brest and soon afterward went to St. Florent which was the headquarters of the 39th. Thence he was transferred to Chitenay, in the signal corps training area, and went forward to the front Nov. 6. The battalion was twelve miles from the front the day the armistice was signed. During the period following their training the members of the battalion were engaged in the operation and maintenance of 40 telephone lines which were operated in the Verdun sector, between Toul and Verdun. This system had been installed before this battalion took charge and, as indicated, their work was to operate and maintain the system. Mr. Walsh serving as a telephone operator. His electrical experience was the occasion for his having been assigned to the field signal battalion as it was special work in which he engaged.

After Jan. 15 the men were engaged in salvage work, taking down poles, wires and other equipment belonging to the U. S. and placing it in storage. This work continued for a month and then Mr. Walsh was granted a seven day furlough which he spent in southern France traveling as extensively as the time would permit. He visited Monte Carlo and other places always of interest to travelers. With other troops he sailed from Marseilles April 14 on the Regina De Italia. A stop of three days was made at Gibraltar to permit the men to visit that interesting area.

The 39th division was made up mainly of national guard troops from Arkansas, Mississippi and Louisiana. However, in the 114th field signal corps battalion 26 states were represented and practically all the men chosen had some electrical training. The steamer landed in this country April 29 and the men were at Camp Merritt April 30. They reached Camp Grant May 14 and were discharged two days later. Mr. Walsh is mighty glad to get back to Jacksonville again but he wouldn't take a grain of salt for his experience in the army, or the splendid travel opportunity afforded after the armistice was signed. He is in vigorous health and fine condition for again taking up business.

## CENTENARY BUSY

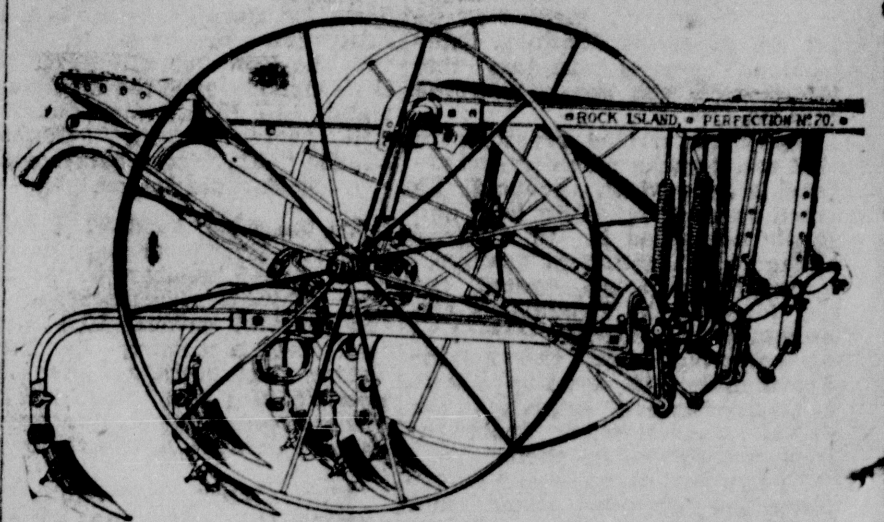

WITH CAMPAIGN  
The campaign director and a number of the canvassers held a rousing meeting last evening at the Centenary parsonage to lay further plans for the victorious consummation of the great Centenary drive. With the allotment of Centenary church over half subscribed the campaign is now the second lap and the momentum of the movement is increasing. The climax will doubtless be reached next Sunday when the loyal men and women of Centenary church expect to finish the job and go over the top. Light refreshments were served and a brief devotional season enjoyed. All the canvassing teams are invited to meet at the parsonage this evening at eight o'clock.

## THE MAN WHO KNEW AND WHAT CAME OF IT

I know a man with an automobile who said he was a careful driver. AND HE WAS!  
He said he would never injure anyone. AND HE DIDN'T!  
He said "If anything happens it will be the other fellow's fault!" AND IT WAS!  
That didn't prevent the other fellow demanding money. AND HE DID!  
My man said "It's not my fault, I'll not pay you anything!" AND HE DIDN'T!  
The other chap said "TLL SUE YOU!" AND HE DID!  
My friend's lawyer said "We can beat him in court!" AND THEY DID!  
At this my friend chuckled and said "Ha Ha! I win!" AND THEN  
He paid his lawyer a fee of \$100 plus expenses and ran his car for the rest of the year at his own risk. FOOLISH—WASN'T HE?  
There is a cheap way out that I had told him about. Let me tell you little it will cost for a year's insurance in THE PREFERRED ACCIDENT INSURANCE CO. OF NEW YORK

### POPE TRANSMITS HUN ARGUMENTS

ROME, May 19.—(By The Associated Press.)—Cardinal Gasparri, the papal secretary of state has written in the name of the pope an official note to Col. E. M. House of the American peace delegation transmitting the arguments sent to the pontiff by the German bishops to demonstrate the absolute impossibility of their country fulfilling the peace conditions imposed by the allies.

In his note Cardinal Gasparri explains that the pope takes this step in favor of Germany as he would do for any other country requesting his assistance, as he is animated only by humanitarian feelings.

The cardinal adds that the pope had done this the more willingly since he was also urged to undertake this initiative by a country belonging to the entente. He begs Colonel House to submit the situation to the wisdom and enlightenment of President Wilson hoping that the president will use his powerful influence with the other delegates of the various powers with a view to assuring a lasting peace.

### RETURN FROM U. C. T. CONVENTION.

The recent convention of the United Commercial Travelers held at Champaign was one of the most successful in the history of the order. The delegates from Jacksonville council were C. H. Philieo, Roy Scott and George F. Haigh. Others who attended were Gerald Taylor, W. S. Ennie and L. R. Craig. The Champaign committee did everything possible for the entertainment of their guests. A reception at the home of Congressman McKinley was one of the events.

### MAY PUNISH ZION OFFICIALS FOR CONTEMPT

CHICAGO, May 19.—Two officials of the Christian Catholic Apostolic church at Zion City, Ill., may be punished for contempt for failing to respond to subpoenas issued by the legislative committee investigating the administration of Wilbur Glenn Voliva, general overseer of the organization. They are W. J. Bull, city treasurer and cashier of Zion City bank and I. J. Thurston, chairman of the public school board of Zion City.

Both were served with subpoenas last Friday by T. B. Scouten, sergeant-at-arms directing them to appear before the committee today to testify. Chairman W. H. Dietrich of the committee announced that he would confer with Attorney General Brundage tomorrow before taking further action. Half a dozen witnesses who were examined today condemned Voliva's official conduct as head of the church. He was accused of dominating the public schools of Zion City and of attempting to drive every resident of the community away who refused to join his church.

### PERSHING RELEASES DIVISIONS TO RETURN

WASHINGTON, May 19.—The fourth, fifth, sixth and seventh regular divisions have been released for return to the United States, General Pershing notified the war department today. The four divisions are to sail from France in June, the 90th and 81st division also will embark that month.

Following is probable order of departure of divisions already released; but not yet embarked: May—80th, 36th and 38th; June—90th, 5th, 81st, 4th, 6th and 7th.

The release of the 4th, 5th, 6th and 7th, and 36th divisions will leave in France and Germany only the 1st, 2nd, and 3rd divisions and some units of the 8th, 41st, 83rd and 39th.

### ENTERS DECREE FOR ASSOCIATED PRESS

NEW YORK, May 19.—The suit brought by The Associated Press against the International News Service in the United States district court came up on the calendar today and a decree was entered for the complainant.

This suit was instituted by the Associated Press to restrain the International News Service from taking the news of the Associated Press from its members or newspapers published by them, and using or selling the same. A preliminary injunction was granted by Judge Augustus N. Hand of the United States district court July 7, 1917, which which has recently been sustained by the supreme court of the United States. In view of this decision the International News Service did not press its defense, but consented to the entry of the final decree, which grants a perpetual injunction in the same terms as the preliminary injunction. The final decree perpetually enjoins the International News Service, its officers and employees and agents from taking, appropriating or selling any news received from or gathered by The Associated Press, by obtaining it from members of The Associated Press or their employees or from any bulletins issued or newspapers published by such members.

### TO ASK FOR BONDS

Chicago, May 19.—Bonds will be asked for the remainder of the I. W. W.'s who are in Fort Leavenworth penitentiary, according to their attorney, Otto Christensen today. ## Social Events

### Entertained For Miss Putnam.

Mrs. Frank Elliott was hostess Monday to an afternoon company given at her home, 1101 West State street, in honor of Miss Elizabeth Putnam of Davenport, Iowa. The hours from 3 to 5 were spent in a very delightful social way by the guests. Spring flowers were used for decorations and all the details for the event were in accord with the generous hospitality of the Elliott home.

Miss Putnam who is at the home of Mrs. Edward P. Kirby, is a granddaughter of Gov. Joseph Duncan, one of the early executives of Illinois. Her father also was of a distinguished lineage, belonging to one of the oldest families of Saratoga, N. Y. As a young man he went to Davenport, where he successfully engaged in the practice of law. Jacksonville is proud of the fact that Gov. Duncan came to this city in 1830 and a few years afterward erected a house, now the home of Mrs. E. P. Kirby. Duncan Park was named in his honor. Miss Putnam is to go to Springfield today and will read

before the State Historical society a paper on the life and services of Joseph Duncan. It is fitting indeed that this record, prepared by a granddaughter of the famous Illinois governor, should thus be added to the annals of the state.

"During the war period Miss Putnam was in canteen service in eastern camps and she has been very much interested in war time activities."

### Monday Conversation Club Meets.

Mrs. H. V. Stearns was hostess to members of the Monday Conversation club Monday afternoon at her home on Mount avenue. It had been planned to have a May day fete but the unfavorable weather conditions made a change of program necessary. The afternoon program was in charge of Miss Mary Anderson of the Woman's college and the subject was "Ideals of Democracy." The meeting was the last one for the club year and a large number of the club members, together with their invited guests, enjoyed the afternoon.

### Surprised on Birthday.

Friday was the sixteenth birthday anniversary of Miss Fay McNelly of Franklin and a number of her friends pleasantly surprised her on that occasion by going unannounced to the McNelly home. Several hours were spent with music and various amusements and during the evening delicious refreshments of ice cream and cake were served. The house was prettily decorated with roses, snowballs and ferns. A fine birthday cake was a special feature of the evening.

Among those present were Gus Seymour and family, Oliver Cox and family, John Crawford and family, Elmer Mangold and family, Charles White and sons, Russell and Private Ralph White, Mrs. Henry Whitlock and child, Gusie Henry, and Misses Dorothy Smith and Ethel Whitlock. Charles Wyatt, Wyatt and daughter Miss Maude, Mr. and Mrs. Bert Cox and daughter Bernice; Mr. and Mrs. Edward McNelly and daughter Edith; Miss Esther Seymour, Dwight and Iton Seymour, Cecil and Goldie Bowns and Paul Seymour.

## Funerals

### Wannamaker.

Funeral services in memory of Mrs. Frank Wannamaker were held at the Reynolds mortuary Monday afternoon at 2:30 o'clock. A large company of sorrowing friends was present and the service was of an impressive kind. Rev. W. R. Leslie, pastor of Centenary church, read several passages of scripture and offered prayer. In accordance with the wish of relatives there was no music. There was a great abundance of flowers and these were cared for by Mrs. William Hopper, Mrs. Fred Killam, Mrs. Glenn Large, Misses Nettie Smith and Ruth Dunlap. Burial was in Diamond Grove cemetery and the bearers were Joseph Sheehan, William Hopper, Eugene Flood, Lawrence Sibert, Fred Killam and Glenn Large.

Among those here to attend the funeral were J. B. McCreary, Parsons, Kans.; Mrs. A. B. Thacker, Oklahoma City; C. B. Hickey, sons; Mrs. Chris Ennis, Springfield; Mr. and Mrs. William Ludwig, Peoria; Mrs. James Rountree, Franklin.

As already mentioned, Mrs. Wannamaker's death occurred very suddenly at Edwardsville after only a brief illness. Her marriage occurred June 28, 1918, at Carrollton. The ceremony was performed by Father O'Reilly. The many friends of the deceased and of Mr. Wannamaker here learned with genuine regret of her untimely death.

## Matrimonial

### Hall-Dalton.

The marriage of Miss Clara Mae Dalton and Willard Hall took place Sunday afternoon at 5 o'clock at the home of the bride's parents, Mr. and Mrs. Clarence Dalton, in Murrayville. The ceremony was performed by Rev. Roy March and was witnessed by a company of about eighty five. The young people were attended by Miss Jennie O'Brien and Charles Dalton, a brother of the bride.

The ceremony was performed under the shade trees on the lawn at the Dalton home and was a simple but beautiful service. The bride wore a gown of white crepe de chine with satin trimmings and with a sweeping veil of tulle. She carried a bouquet of bride's roses. Following the ceremony an elegant wedding supper was served.

The bride is the daughter of Mr. and Mrs. Clarence Dalton, well known residents of Murrayville. She is a young woman who has the very high regard of a wide circle of friends, who esteem her for her charming personality and fine character.

Mr. Hall has but recently been discharged from the army service, having been located at Camp Custer, Mich., for the past eight months. Prior to his army service he was engaged in the occupation of arming and he and his bride will reside on a farm in the Murrayville neighborhood. He is the son of Mr. and Mrs. A. Hall and has spent his entire life in the Murrayville precinct, where he has the confidence and esteem of all who know him.

Among the out of town guests at the wedding were: Mr. and Mrs. George Myers, Mr. and Mrs. W. S. Mischel, Mr. and Mrs. J. S. Sheppard, Mr. and Mrs. Clarence Lukeman, Mr. and Mrs. Carlins, Dalton, Mrs. Florence Wood and Miss Wanda Wood of Jacksonville; Mr. and Mrs. L. H. Byrns and son and Charles Estes, grandfather of the bride, of Huntsville, Schuyler county.

Erixon and Dewees.

### MAKING IMPROVEMENTS

Mr. and Mrs. C. P. Thompson are adding two rooms and making some other extensive improvements to their residence on West State street. The house adjoining them is owned by County Treasurer Grant Graft and he is just having his garage completed. It was erected last fall but the surface is now being covered with "pebble dash," and makes a very fine effect. In the same neighborhood S. W. Babb has just completed a spacious home.

## From County Agents Office

George B. Kendall, county agent has sent the following letter to club members:

My Dear Club Member:

### Should We Have a New System of Marketing Wool in Illinois?

"In Edgar county during the last 10 days in April two farmers having essentially the same kind of wool, sold their product one to a local dealer at 43c a pound; the other to a Boston firm for 53c a pound. The man selling to the local dealer lost \$175. Doesn't this case look like it would pay to form county wool pools in Illinois in order to market wool according to an intelligent and uniform plan? W. C. Coffey.

Many farm bureaus are counting on the co-operative marketing of their wool according to the plan of the Illinois Agricultural Association. We quote a few of these reports as follows:

"Macon county wool growers adopted the co-operative marketing plan. 206 sheep were represented by the owners present at a meeting April 29, Smith.

"Much interest has been aroused over the county among the sheep men in the co-operative shipment of their wool." Adviser Burwash, Platt Co.

"The pooling of the county's wool clip was heartily approved, at the board of directors' meeting," Richey, Mercer county.

Preliminary plans for handling the wool by the Illinois Agricultural Association plans were worked out this week. We expect to ship at least one car-load from Hancock county." Lloyd.

"Quite a number of our farmers are interested in the contemplated pooling of wool. However, I find that some prefer to have the wool graded locally than to allow this to be done in Chicago." Logan, Crawford Co.

### How Much Does a Man Lose When He Burns His Corn Stalks?

Here is the answer in a nutshell. On two of our corn belt experiment fields, one a black clay loam soil, the other a brown silt loam soil, the check on untreated plots, for a period of 7 years, have averages from 31 plots. The corn which was husked from these plots averaged 41.8 bushels per acre. In the corn belt, considering the fall and winter pasturing that is done, it is safe to assume that in the spring one ton per acre of corn stalks are left to be worked in the soil or burned. Analysis show that stalks which have remained in the field over winter contain 14.1-2 pounds of nitrogen per ton, 30c per pound is a low figure for commercial nitrogen but at this figure the nitrogen lost by burning a ton of stalks is worth \$4.25.

No definite figure can be placed upon the organic matter value of the stalks, however, some authorities state that this is equal to one-half of the nitrogen value.

### Eggs in Water Glass.

During the past two years, fresh egg prices from August 1st to March 1st have averaged twice as high as the lowest spring prices. Cold storage reports from 1918-1919 show that 84 percent of all the eggs stored went in between April and May 31. This than, must be the season of lowest prices. Eggs are also in better condition at this season. They should be collected soon after being laid and not allowed to lie in the nests and become warm and unfit for use.

The cost of preserving eggs at home should not exceed 3 cents per dozen. Waterglass (Sodium Silicate) can be purchased at any drug store for 20 or 30 cents per quart, or less in quantity. Use one quart of waterglass with 9 quarts of water which has been boiled and cooled, for each 15 dozen eggs preserved. The eggs in water glass say that eggs with brown shells are best because they have thicker shells and keep better. The eggs are used for cooking and eating. The yolk breaks so easily after having been kept in the solution that they are not generally used for poaching. They are just as good for cooking purposes as eggs bought in the market.

The clover leaf weevil has been reported abundant in many counties in the state and several inquiries have been received as to the advisability of plowing up the infested fields. Injury by this insect will decrease rapidly from now on as the leaves are becoming full grown and are spinning their green lacy cocoons at the base of the clover plants. They are being killed in large numbers by a fungus disease. There will be some feeding by the beetles later in the season, but I feel sure that it will not be necessary to plow up infested fields unless they have already been seriously damaged. This insect feeds only on clover and alfalfa so there is no danger of injury to other crops.—W. P. Flint.

Stomach Worms in Lambs—"Fast the animals from 16 to 19 hours before dosing by keeping them entirely away from feed or drink of any kind. For mature sheep mix one-half oz. of gasoline in about one-fourth of a pint of sweet milk, (and for lambs one-fourth oz. of gasoline) and drench from bottle or large syringe. After drenching fast 2 or 3 hours more. It is well to drench again in 3 or 4 weeks, after the first time and about every 5 weeks thereafter during the summer. Liberal feeding and constant access to salt and clean water will help keep down the evidence of the stomach worm infestation.—W. C. Coffey, Station.

"A good mineral mixture have before me at all times is charcoal, salt 1 part, rock phosphate 1 lb. and limestone 1 part." J. B. Rice.

WOMAN'S CLUBS MEET AT BEARDSTOWN

Jacksonville to be well represented at Twentieth District Federation.

Jacksonville will be well represented at the Twentieth District Federation of Woman's clubs meeting at Beardstown today and tomorrow. Among those who will go today are Mrs. A. L. Adams, Mrs. J. Parker Doan, Mrs. T. J. Pitner, Mrs. Ben Lorton and Miss S. M. Fairbank, all members of the advisory board. At 7 o'clock this evening Mrs. Dr. Schaefer will entertain the board members at a 7 o'clock dinner, following which a business meeting will be held. The program Wednesday will deal largely with child welfare problems and a number of addresses will be made. Miss S. M. Fairbank of this city who is in charge of the Centennial work in the clubs of the Twentieth district, will make a report. An interesting feature of the Thursday morning session will be a half-hour recital by Miss Audrey Hall, a violin pupil of the Conservatory of Music.

Among those who will be in attendance at the meeting are Miss Spafford of Chicago, state president and Mrs. Edgar Glendon of Pittsfield, district president. Among the representatives of Jacksonville clubs who will go to Beardstown Wednesday morning are the following:

- Household Science—Mrs. O. F. Buße, Mrs. G. C. Guthrie.
- Wednesday Class—Mrs. A. L. Adams, Mrs. F. J. Waddell and Mrs. F. S. Hayden.

CITY COUNCIL TALKS ABOUT TRAFFIC LAWS

Chamber of Commerce Offers to Assist in Enforcement—City Council in Regular Session Discusses Wide Range of Subjects—Visitors Called on to Speak.

At the regular meeting of the city council Monday evening Henry Frisch, president of the Chamber of Commerce, offered the services of that organization to cooperate with the city council in the enforcement of the traffic ordinance.

In addition to accepting Mr. Frisch's offer the council indulged in a general discussion of a wide range of subjects in which several citizens present also took part.

The roll call showed all members present except Ald. Ehnie, Mayor Crabtree presiding. The minutes of the last regular meeting were read and approved as read.

A communication from the Barrette company to E. E. Crabtree relative to the paying of moneys to J. E. Bretz, contractor, was read and received and placed on file.

Opinion on Sidewalks

An opinion was read from City Attorney J. A. Bellatti relative to the city's liability in the laying of sidewalks under certain ordinances, the contract for which has been let to Otis Hoffman. Mr. Bellatti was of the opinion that the city could not compel the laying of a sidewalk by a property owner where there already was a walk adequate for the traffic.

He also said that the city was not liable for the cost of the walk in case payment was refused by the property owner to the contractor. Mr. Bellatti stated that in case a suit was brought that it would be necessary for the property owner to go into court and prove that the walk in question was a good walk as the city by the passage of an ordinance virtually condemned the walk. The opinion was received and placed on file.

City Attorney Bellatti also called the attention of the city council to a suit of T. B. Orear for damages against the Jacksonville Railway & Light company for injuries alleged to have been received by falling over an obstruction over a pile of brick which it is alleged the railway company had placed in South Main street.

Mr. Bellatti said his firm were attorneys for the Jacksonville Railway & Light company and that Mr. Orear also had made the city a party to the suit. He said J. J. Reeve as city attorney under the former administration had made arrangements to defend the city a year ago but the case had been continued because of the influenza epidemic. He asked that the city employ someone to represent the city in the case which comes up Friday.

On motion of Ald. Cain seconded by Ald. Moore Mayor Crabtree was given full power to act in the matter.

Mayor Crabtree said he had talked with Henry Thies about the purchase of land adjacent to Diamond Grove cemetery belonging to the Joseph Yingling estate for cemetery purposes. The will of the late Mr. Yingling specified that ten acres could be sold to the city for Diamond Grove cemetery. No action was taken in the matter.

Ald. Moore called attention to the fact that merchants about the square and business district had cleaned the globes of the boulevard lights in front of their places of business. He moved, seconded by Ald. Williamson that the merchants be given a vote of thanks for their work and the motion carried.

An ordinance confirming the transfer of certain land by Martha R. Routt to the city of Jacksonville was given a first reading and laid over under the rules. The ordinance was simply to rectify a technicality which had been overlooked in the making of the deed.

**Welfare League Proposed**  
Henry Frisch, president of the Chamber of Commerce was present and offered the cooperation of that body with the city council in the enforcement of the traffic laws. Mr. Frisch stated that upon the reorganization of the Chamber of Commerce that it was the sense of the members that they assist the city council in every movement for the betterment of the city.

HAMM DAMAGE SUIT IS ON TRIAL

Action Brought Because of Injuries Received from Defendant's Automobile—Court Orders.

In the circuit court before Judge Jones yesterday the case of Claude Hamm vs. W. H. Hahn is on trial. The complainant is represented by Wilson & Butler and the defendant by W. N. Hairgrove. This is an action for damages because of an accident which happened Sept. 23. At that time Hamm was the watchman at the Wabash crossing on North Main street. He was struck by Mr. Hahn's automobile and dragged some distance. In his bill of complaint it is alleged that his left leg was broken and he received other serious injuries which have occasioned a great deal of expense and kept him from work. For this reason he has brought suit for damages in the sum of \$10,000.

Mr. Hahn is a resident of Missouri and was traveling thru Jacksonville at the time the accident happened.

**Court Orders.**  
In the partition proceedings of Albert Dean vs. Charles Dean, the report of the receiver was filed and leave was given to all parties to make answer by May 26.

In the action brought by John D. Cornellas as conservator of Emanuel Ward vs. August Goveia et al., to set aside deed, the death of Emanuel Ward was suggested and the cause was stricken without prejudice.

In the divorce proceedings of Elizabeth Lang brought against Joseph Lang, the court granted the decree of divorce on the ground of desertion and complainant was allowed to resume her maiden name.

In the partition proceedings of David Owings vs. Phoebe Middleton et al., all the defendants were ordered to answer at once, default was entered against them and the cause was referred to the master.

K. C. DEGREE TEAM WENT TO CARLINVILLE

The degree team representing the Jacksonville lodge of Knights of Columbus went to Carlinville Sunday to put on the third degree in a ceremonial session. A class of 75 took the work and there were visiting Knights representing a large number of lodges. The Jacksonville team included John J. Ferry, D. L. Bentley, Joseph McGinnis, J. E. Fogarty, P. H. Longery, Theodore Hage, H. D. Lavery, Joe D. Becker and Frank McKenna, J. V. Kennedy, Michael McGinnis.

Carlinville is a very lively town these days and 100 houses have been built in the last three months, with fully that many more in prospect. The cause for the big boom is the sinking of a mine not far from Carlinville by the Standard Oil Co. An office building has been erected for the company and many other improvements made.

### Why You Should Have a Lively Interest In Your Storage Battery—

Probably you don't think much about your storage battery unless it gives you trouble. Of course, if you have the right kind of battery—the EVEREADY—it won't give you any real trouble, but every storage battery does need a little bit of attention regularly to give it long life at full power.

A hydrometer test, an occasional filling with distilled water and an examination of the terminals and cables are all that is necessary.

If you don't want to know the technicalities of storage battery mechanics you can leave all the details of battery adjustment to us.

Simply by stopping in for a few minutes every month at our shop you can free yourself of any further consideration of the needs of your battery.

But the most important point is to start with the right battery—the EVEREADY—which is guaranteed against trouble for 18 months against ruinous sulphation.

### A PIONEER RESIDENT OF GREENE COUNTY

Remains of Mrs. Perlina Smith, Early Resident of County Interred Sunday—J. E. Wyatt in Battle Creek, Mich. — Other News Notes.

White Hall, May 17.—The remains of Mrs. Perlina Smith, arrived at noon Sunday from Cherryville, Kansas and were met here by all the relatives. An auto funeral cortege formed at the home of her son, John Smith, on East Sherman street, and proceeded to Burrow immediately, where funeral services were conducted in the Baptist church at 12:30, followed by interment in the Burrow cemetery. The maiden name of the deceased was Thompson, and she was born in the Burrow neighborhood eighty-four years ago. Her father being a large landowner in an early day his possessions covering much of the present city of Roodhouse. After her marriage to Robert Smith she became a resident of White Hall, but he has been dead about forty years. During recent years she has resided with her daughter, Mrs. J. E. Smith, whose husband came from the east, and altho of the same name is not related to the local Smith family, and it was at the home of this daughter that our subject died at 7:30 a. m. Friday, the announcement of which came wholly unexpected. The late Mrs. Isaac Cohee, of Carrollton, was a daughter. The surviving children are Mrs. Charles Williams of Springfield, John Smith of White Hall, Mrs. Jacob E. Smith of Cherryville, Kansas and Will S. Smith of St. Louis. She was a woman of untarnished character and a pioneer of this section of Greene county.

**White Hall Notes.**  
Postmaster J. E. Wyatt left Friday for Battle Creek, Mich. to spend a week at the sanitarium in the process of regaining his health, in which he has been making splendid headway in recent weeks.

Mrs. Annie Higbee of St. Louis widow of the late Dr. E. H. Higbee of Roodhouse, is spending a few days among White Hall relatives, coming up to make a call on her step mother, Mrs. Sarah A. Higbee.

Lee Rowland has engaged in the insurance business in St. Louis, and may locate his family there this fall.

It is reported that Major Charles H. Bridges has arrived in this country from France. His mother, Mrs. Annette Cheney, is at present in the east, and the report lacks confirmation.

To one observant of the matter, the use of tobacco has decreased in about the extent that the decrease has been made in the size of a 10c cut of plug tobacco nearly half. The figures of the dealers are not available, but it is certain the number of habitual users of the weed in White Hall has considerably declined because of the high cost, and others have considerably curtailed its use.

Dr. E. L. Crouch, having returned from the military service has opened an office in the Ayers Bank Building, Room 604. Practice limited to Internal Medicine. Phone 435. Residence, Colonial Inn. Office hours 9 to 12 p. m. and 1 to 5 p. m. and by appointment.

### MOLASSES AS FUEL FOR SUGAR MILLS.

Havana. —Great quantities of molasses are wasted by the sugar mills of Cuba. Attempts have been made to utilize this waste product as fuel for the boilers of the sugar mills and now a Cuban inventor claims he has invented an apparatus which will permit the use of the molasses as fuel without choking the furnaces. All the sugar mills produce more molasses than can be marketed and it is asserted, twice the amount needed to furnish fuel for steam power.

**Sassoon—Counter Attack.**

"Sometimes in this book Sassoon fails to express himself properly. This fact is, I think, a tribute to his sincerity. For in his earlier work he very clearly displays technical proficiency. But here what can he do? Indignation chokes and strangles him. He claws often enough at satisfactory words, dislocates his sentences, tumbles out his images as if he would pulp the makers of war beneath them."—Robert Nichols.

**SQUAD OF SOLDIERS ARRIVE HOME.**

A number of young men arrived in the city yesterday from overseas and all were looking well and glad to be back. Two had been together from the start; Clark Caldwell of Concord and Howard Mallicoat of Arenzville. They had been across nine months and had been in the thick of the fray in the Argonne. Neither had been sick worth mentioning and neither wounded. Mr. Fox of Sinclair, Thomas Mandeville of Woodson; Thomas McGrath of Murrayville; George Hanning of Woodson, remained in Chicago for a stay of a few days to see the sights; McGrath was wounded in the knee but not severely and Hanning sick but not long. Others who came home yesterday were Dale White of Woodson; Henry Stacy, Emmett Willis and Leo Flynn of Ashland; Wm. Smith of Jacksonville.

Another arrival is A. C. Wilson, son of Peter Wilson of Murrayville. He went over with the 39th division, 154th regiment and saw hard service in the Argonne and Meuse.

The boys have many interesting souvenirs to show and lots of experiences to relate.

**ENJOYED PROGRAM**

The social meeting of the Domestic Science Club was held Friday afternoon at the home of Mrs. M. J. Blue. Excellent attendance was present of members and friends. Among those present were Mrs. A. L. Adams, Mrs. Stevenson who gave talks on "Health" and "How to Care for the Baby" which were thoroughly enjoyed. After a delightful afternoon spent socially refreshments were served by the hostess assisted by Mrs. L. Bolden, Mrs. J. H. Brown and Miss Mary Robinson. The next meeting will be held on the 3rd Friday in June.

W. W. Robertson of the vicinity of Prentice was attending to affairs in the city yesterday.

### DECLARES ARMENIANS ARE DESTITUTE

Armenian Medical Officer Describes Awful Conditions Now Prevailing in Armenia—Thousands are Homeless.

London, April 16.—(Correspondence of the Associated Press.)—"The sights one sees in Armenia are almost beyond belief, and the tales one hears are too ghastly to be inventions."

This is an extract from a letter an Armenian medical officer, writing from the base of Mount Ararat, to a fellow countryman in London. The letter says:

"It may interest you to know of the awful state of distress existing in the country here. Thousands of people are homeless and absolutely destitute. In the town of Erivan alone there are 35,000 refugees. Their country has been ravaged, the houses burned, and the survivors have nothing but the rags they are wearing."

"I have been sent down here to inquire into an epidemic of typhus among the native population. It is as serious as it was reported to be."

"For months the people have been cut off from all communication with the outside world, with the exception of a small area around Erivan. The whole country has been overrun by its enemies. There are no supplies of any kind and the population is on the verge of starvation and many already have died of hunger."

**Road District 11 poll tax is due and must be paid by June 1st to clerk or Murrayville bank.**

### KING OF BELGIUM TRAVELS BY AIR

Brussels, April 21.—The arrival of the King of the Belgians in Paris to present the case of Belgium before the peace conference created great interest in Paris. The fact that the king made the journey from his capital to that of the French republic by air route made his arrival more spectacular.

Few knew that the king had originally intended to go to London that morning, but changed his mind at the last moment. Crombez, the young Belgian millionaire aviator, who pilots him in all of his air travels told The Associated Press that his motor was running, his propeller just gathering speed when he was informed by the King that Paris and not London was to be their objective on that particular trip.

### MEXICANS ARE SUPERSTITIOUS

Cuautla, Mexico, May 2.—Legends already are beginning to spring up among the superstitious and ignorant Indians of this state regarding Emiliano Zapata, the rebel chief who met death near here on April 10. In an attempt to preserve the bandit's body as long as possible in order to give

the greatest number of his former followers a chance to see it, it was packed in ice, in the absence of embalming fluids. The ice burst the sides and top of the coffin and gave rise to superstitious tales that the "Atilla of the South," as Zapata was called, was not really dead, but had burst his coffin and escaped.

### JAPAN ISSUES DENIAL OF REPORTS

Tokio, April 15.—(Correspondence of The Associated Press.)—The Japanese government has issued a denial of reports that Japanese are implicated in the Mongolian independence movement.

The statement characterizes as a "gross canard" the charge that Japanese military officers are taking conjoint action with Colonel Semenov and declares that from what Japanese military authorities have ascertained that Colonel Semenov, the Cossack leader, emphatically denied all connection with the independence movement.

Two leaders of the Mongolian Independence Party arrived in Tokyo the latter part of April to inaugurate a movement for the political independence of Mongolia and Manchuria and to unite those two Chinese provinces in one state.

### CUB SEVEN UP BROOKLYN SERIES

Vaughn, Excell's, Grimes and Cadore in Pitchers Battle and Chicago Wins—Superbas Stag Ninth Inning Rally and Get One Run.

Brooklyn, May 19.—Chicago evened up the series today by beating Brooklyn 3 to 1 in a pitchers' battle in which Vaughn excelled Grimes and Cadore. Five of Chicago's seven hits were for extra bases the one of Olson's two errors counted in the scoring. After being shutout with three hits in eight innings the Superbas staged a ninth inning rally. ### Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics, and force bowel action. It weakens the bowels and liver and makes constant dosing necessary.  
Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best. Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

### FROM EASTERN CAMP

N. C. Caldwell writes to his grandfather James Hamilton, as follows:

Camp Merritt, New Jersey, May 9, Dear Grandfather:  
Safely arrived in Hoboken, New Jersey, May 5, at 6 o'clock in the evening, left Schenkelberg, Germany, April 18th, Good Friday, arrived at Brest April 30th. We made a trip of twelve hundred miles in a box car but they think more of us in the states. We were in Brest six days. When we landed there last August we did not have any camp, and we had to sleep in our pup tents and would hold about eighty thousand wash with and when we returned they had a camp built there that could hold about eighty thousand soldiers and they sure had some system of feeding as they could feed a thousand in ten minutes; it was wonderful what they could do.

We left Brest April 27th on the steamer "George Washington" which is about eight hundred feet long, next to the largest boat on the sea. We captured her from the Germans in the New York harbor. There were 6,608 soldiers, twelve hundred sailors and crew and Secretary Baker and his party making about 8,000 in all. We struck rough water for a day or so but I never got sea sick though some of the boys and sailors were sick but it does not last very long. We had a moving picture show every evening. I am glad to be on U. S. soil once more and be where I can hear real women talk and can understand them and be among white folks.

This sure is some camp but not as nice as Camp Taylor; have not had a chance to go to New York yet, but think I shall before we leave; do not know how long we shall be here but hope not very long and am very anxious to get home. All Illinois men go to camp Grant which will be about two hundred miles from home. The company expects to leave any time; I shall miss some of the boys as we have been together eight months. It was nine months the sixth of May since we set sail for France and it will soon be eleven months since I left home.

I was very glad to hear Aunt Marian is able to be out of the hospital; have never heard from any of the folks at Loami and elsewhere. What is Frank doing? have not heard from you folks since I was in Europe; did not get near all of my mail. Received nine letters yesterday as our mail was stopped in New York and got twelve letters at Brest. There will be about fifteen men in our company from Morgan county so won't have to come home all alone. Have been in a good many different countries in Europe and states at home but no place looks as good to me as old Illinois. It is raining and gloomy here this morning but I am used to that as it rains about every day in Europe; am feeling fine; weigh 144 1-2 pounds but do not think the scales were right. Hope to see you in the near future.  
Your grandson,  
N. C. Caldwell.

## Where Can I Find Relief from Itching, Terrifying Eczema?

This Question is Ever on the Lips of the Afflicted

Eczema, tetter, erysipelas, and other terrifying conditions of the skin, are deep-seated blood diseases, and applications of salves, lotions and washes can only afford temporary relief, without reaching the real seat of the trouble. But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach.

You have the experience of others who have suffered as you have to guide you to a prompt eradication of blood and skin diseases. No matter how terrifying the irritation, no matter how unbearable the itching and burning of the skin, S. S. S. will promptly reach the seat of the trouble and forever root from the blood every trace of the disease, just as it has for others who have suffered as you have. This grand blood remedy has been used for more than fifty years, and you have only to give it a fair trial to be restored to perfect health.

Our chief medical adviser is an authority on blood and skin disorders, and he will take pleasure in giving you such advice as your individual case may need, absolutely without cost. Write today describing your case to Medical Department, Swift Specific Laboratory, Atlanta, Ga.

## DECLARE JAPAN IS UNJUST TOWARD KOREA

Organizing Committee of Independent Movement in Korea Sets Forth Grievances of Koreans Against Japanese.

Seoul, Korea. — (Correspondence of the Associated Press) — Unification of the Japanese and Korean races is impossible, asserts the organizing committee of the independence movement in Korea in a statement which it has issued setting forth the grievances of the Korean people against the Japanese.

Two chief reasons for Korea's effort to obtain emancipation from Japanese rule are set forth by the committee as follows: "Korea is the much older of the two nations for it has a history of organized government extending over a period of 4,300 years. During a part of that time Korea sent tribute to the court of

China, but this was nothing more than an outward expression of the relation between the imperial families of the two nations. Korea was ever the sole possession of our Korean race and was never under the actual control of any foreign nation or government.

"The Japanese nation is an entirely distinct race from the Korean. She is an island people and her nakedness of body and mind could only be covered by the civilization she received from Korea and from China during the centuries of the past. Her customs, her literature, her very clothing came to her through Korea. Of late years she has added to these the face-powder of a western civilization; thus she becomes the white sepulchre of the east. She gives no evidence of our nation have proven her to be our nation has proven her to be the embodiment of cruelty. The evidence is complete that the unification of the Japanese and Korean races is an impossibility."

What are described as "five conspicuous injustices on the part of Japan toward Korea" are summarized in the statement. The committee asserts that although Korea aided Japan in the war against Russia, "the dog has bitten the hand of him who fed it." It is alleged that Japan has broken her promise to pay honor to the formerly imperial family of Korea; that it is impossible for a Korean to obtain fair treatment in the courts when opposed to the Japanese; that liberty of speech does not exist and that the Japanese arrested thirty-three men who signed the manifesto of independence on March 1 last.

## TEXAS CITY PLANS FOR EXPECTED RUSH

Brownsville People Prepare For Big Rush of Tourists Expected After Prohibition Becomes Effective in America on July 1.

Brownsville, Tex., April 8.—Business interests here are looking for a big rush of tourists after prohibition becomes effective in America on July 1, for Brownsville is situated on the Rio Grande, just opposite the Mexican city of Matamoros.

Even now hotels here are well filled, but the government wartime passport restriction is keeping down the number of tourists. However, thousands of "border permits" are being issued to residents within ten miles of the border, and the town is well filled with week-end visitors.

Plans to meet the expected rush are held back until prohibition in America has become a certainty. The tentative plans call for erection of a 200-room hotel, constructed so that it can be increased to 500 rooms.

In Matamoros preparations are going forward slowly because of the uncertainty concerning the future. Faro tables and roulette wheels have been set up in saloons there. But in sporting circles as well as industrial circles capital is reluctant. Leaders of various projects pointing out that a new revolution probably would play havoc with any kind of concession.

Because of the comparatively dry winter Matamoros is considered a suitable place for a race track and this is one of the leading projects. There is also talk of a gambling concession with a saloon and cafe in connection that would necessitate an outlay of \$50,000.

Suspension by the state department of the passport requirement to visit Mexican towns would be the signal for quick action on the projects it is stated.

A popular demand is being made for the widening of the international roadway connecting Brownsville with the Matamoros international bridge. Citizens declare it is too narrow, particularly for tourists who have motored out of dry territory. In support of their arguments they point to numerous accidents.

## RED CROSS AIDS TYPHUS SUFFERERS

Mostar, Herzegovina, May.—All the hospitals of Herzegovina and Bosnia, which are full of sick and wounded soldiers, returned from Austria and many civilians suffering from typhus and other diseases, are receiving aid from the American Red Cross which has sent several doctors and nurses here and a large quantity of medicines and clothing.

The Red Cross Mission, which is in charge of Captain F. C. Thwaites of Milwaukee, Wis., has relief stations at Ragusa, Sarajevo, Mostar and other points. It is turning its attention to clothing the destitute, caring for the sick, and improving sanitary methods with a view to the prevention of typhus. It is co-operating with the United States Food Famine Commission which is distributing flour and fats to the poor.

## UNEMPLOYED ON STRIKE IN BELGIUM.

Brussels. —During the German occupation a certain amount was doled out by the Comité National to the unemployed Belgians to keep from starvation and indignity to prevent them from working for the Germans. Since the armistice it has been continued because there is no work available.

Today a long parade formed near the Place Rogier and proceeded up and down the most important boulevards. They were some of the unemployed. They were striking for more pay. It has become a most expensive luxury to be idle in Belgium and so this morning there took place in Brussels a "strike of the unemployed."

There are seven hundred and fifty thousand unemployed in Belgium.

## URGES NEWSPAPERS TO EDUCATE PEOPLE

Acting Secretary of State Polk Urges Newspapers to Devote More Space to News of Latin American Countries, Thus Giving People of U. S. Better Understanding of Neighbors.

Washington, May 19.—That peace will be largely strengthened on the western hemisphere by an extensive interchange of thought among the peoples of the various countries was the burden of a statement of Acting Secretary of State Frank L. Polk today in urging that the newspapers of the United States devote more attention to news of the Latin American countries. Mr. Polk said he hoped the American newspapers would take this means of educating the people of the United States to better understand and appreciate the importance and greatness of our neighbors of South and Central America and pointed out that by lending their aid to the furtherance of this education the newspapers would be fulfilling a public duty to the government.

"The more we know of the other countries of North and South America," said Mr. Polk today, "the less likelihood there is of misunderstanding. The nations of the world are becoming more and more interdependent daily with the increased efficiency of transportation and communication facilities. Exchange of news results inevitably in better relations and a fuller comprehension of the effort that are being made by the different countries to solve the problems of civilization. Improved commercial relations are accompanied by better relations."

"One result of the European war has been to show the United States how completely our interests lie in this hemisphere. With peace restored our interest in European affairs will be more theoretical than real but we have and must have closer relations with our neighbors in Central and South America. The people of Latin America are intensely interested in the United States. The newspapers of Central and South America print a great deal of news about this country. It would be of incalculable benefit if the newspapers of the United States would pay more attention to news regarding Latin America and in very short time these newspapers could educate the public to seek further information and more news about our neighbors to the south."

## DEMPSEY STARTS TRAINING TODAY

TOLEDO, O., May 19.—Jack Dempsey is sleeping tonight in his training camp on the shores of Maumee Bay which will be his quarters until his championship battle with Jess Willard in Bayview Park here July 4. Light training will be started by the challenger tomorrow.

The day for the camp, an exclusive club was closed this afternoon. Members of some of the most prominent families in Toledo voluntarily surrendered their privileges there so that Dempsey could occupy it. An outdoor gymnasium will be constructed at once. Dempsey was so delighted with the camp that he told friends that he probably would not return to the city until after the battle.

Jimmy DeForest a veteran boxer and manager of Plainfield, N. J., has been selected as chief trainer for the challenger. He was Dempsey's first handler. The sparring partners will be instructed to report within a few days.

The Toledo Ministerial Union, which a week ago, filed a protest with Mayor Schreiber against the Willard-Dempsey battle, instructed its exec. committee today to seek an injunction, if necessary to prevent the contest.

## DON'T BUY ASPIRIN IN A "PILL" BOX

Ask for "Bayer Tablets of Aspirin" in a Bayer package—marked with "Bayer Cross."

You must say "Bayer." Never ask for merely Aspirin tablets. The name "Bayer" means you are getting the genuine "Bayer Tablets of Aspirin," proven safe by millions of people.

Don't buy Aspirin tablets in a pill box. Insist on getting the Bayer package with the safety "Bayer Cross" on both package and on tablets. No other way! Beware of counterfeits! Only recently a Brooklyn manufacturer was sent to the penitentiary for flooding the country with talcum tablets, which he claimed to be Aspirin.

In the Bayer package are proper directions and the dose for Headache, Toothache, Earache, Neuralgia, Rheumatism, Lumbago, Sciatica, Colds, Gripes, Influenza, Colds, Neuritis and pain generally.

"Bayer Tablets of Aspirin," American made and owned, are sold in vest pocket boxes of 12 tablets, which cost only a few cents, also in bottles of 24 and bottles of 100—also capsules. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacid-ester of Salicylicacid.
